

## Lubrication-free linear modules – drylin® SLT

The low profile, the lateral lead screw arrangement and a striking design, are just some of the reasons why the drylin® SLT linear module was honoured with the 2014 IF Award. Technically, the system impresses with ball bearing mounted trapezoidal or high helix thread lead screws for motorised or manual operation. The basis of the SLT series is the drylin® T miniature guide in sizes 12 and 15.

- Low-profile structure through lateral lead screw arrangement
- Lubrication-free, corrosion-resistant, lightweight
- Variable pitch
- Adjustable drylin® T miniature carriage
- Lead screw arrangement can be selected either left or right

### Typical application areas

- Format adjustments
- Laboratory and medical technology
- Optical equipment

### Available in 3–8 days

Detailed information about delivery time online.

Max. +60°C  
Min. –40°C

### stroke lengths 300–600mm

More dimensions upon request.

In accordance with EU Directive 2011/65/EU (RoHS 2)  
Restriction (of the use of certain) hazardous substances

Shaft end supports/  
carriages made of  
anodised aluminium

Ball bearing supported  
lead screws

Lead screw arrangement  
left or right of the carriage

Self-locking trapezoidal  
thread or fast adjustment  
with high helix thread

drylin® T miniature  
carriage with individual  
clearance adjustment

Lead screws of steel  
or stainless steel

Hard-anodised drylin® T  
miniature guide rail

Hand wheel, position  
indicator and lead screw  
clamp as accessories

2013

With ball bearing supported lead screw

Order key

Order example

SLT-BB-0412- E R-S 0015 R G-□

Type	Design	Installation size	Adjustable carriage	TWE	Lead screw alignment	Lead screw	Pitch	Thread	Lead screw end	Stroke length in mm
------	--------	-------------------	---------------------	-----	----------------------	------------	-------	--------	----------------	---------------------

Options:

Design	Lead screw	Lead screw end
BB = With ball bearings	S = Steel	G = Threaded end
Lead screw alignment	ES = Stainless steel	
R = Right (standard)	Thread	
L = Left	R = Right	

Lead screw alignment left

Lead screw alignment right

### Technical data and dimensions [mm]
